Ocenjivanje AICE predmeta

Član 8

U toku školske godine, ocenjivanje učenika iz AICE predmeta sprovodi se interno, kroz aktivno pohađanje nastave, usmene ili pismene provere znanja, projekte i domaće zadatke, od strane predmetnih nastavnika, a u skladu sa kriterijumima i standardima uspostavljenim od strane Cambridge International.

Ocena koju učenik može dobiti kroz aktivno pohađanje nastave, kroz usmene ili pismene provere znanja, projekte i domaće zadatke, izražena je slovom, a na osnovu uspeha izraženog u procentima:

ocenu A* učenik dobija ukoliko ostvari uspeh 90–100%;
ocenu A učenik dobija ukoliko ostvari uspeh 80–89%;
ocenu B učenik dobija ukoliko ostvari uspeh 70–79%;
ocenu C učenik dobija ukoliko ostvari uspeh 60–69%;
ocenu D učenik dobija ukoliko ostvari uspeh 50–59%;
ocenu E učenik dobija ukoliko ostvari uspeh 40–49%;
ocenu F učenik dobija ukoliko ostvari uspeh 30–39% (samo za IGCSE);

The attendance of lessons in AICE subjects is not compulsory. The School's Regulations on Absences do not refer to unjustified absences from AICE lessons.

The grading of AICE subjects

During the school year, student assessment at the International School is conducted internally, through active class participation, oral or written assessments, projects and homework, by subject teachers, and in accordance with the criteria and standards established by Cambridge International.

The grade that a student can obtain through active participation, in oral or written assessments, projects and homework, is expressed in letters, and based on the success expressed in percentages:

- grade A * the student receives if he achieves a success rate of 90-100%;
- grade A student received if he achieves a success rate of 80-89%;
- a grade of B is given to a student if he / she achieves a success rate of 70–79%;
- a student receives a grade of C if he / she achieves a success rate of 60–69%;

Evidencija o gorenavedenim ocenama se redovno vodi u toku školske godine u elektronskim dnevnicima.

Ocena na kraju polugodišta, odnosno na kraju školske godine, predstavlja prosečnu ocenu stečenih ocena u toku školske godine, odnosno oslikava kompletan razvoj kompetencija učenika prema predmetnim zahtevima i obrazovnim ishodima, a u skladu sa regulativama Cambridge International.

It is considered that the student received a positive grade if he/she achieved a success of at least 40%, or grade E.

Records of the above grades are kept regularly during the school year in electronic diaries.

The grade at the end of the mid-term, i.e. at the end of the school year, represents the average grade of grades obtained during the school year, i.e. reflects the complete development of students' competencies according to subject requirements and educational outcomes, in accordance with Cambridge International regulations.
